COSTUME CARE

DO NOT MACHINE WASH!!!

Costume fabrics and trim are NOT designed to hold up in the washing machine-even on delicate.

To wash your costume: swish lightly in cold water with mild detergent (check for color fastness)and hang or lay flat to dry.

Be VERY careful if you need to iron your costume. I would recommend hanging them up in a steamy bathroom before resorting to ironing. Fabrics and trim can melt.

E-MAIL AND WEBSITE
